removed on internet version)

## BETHERSDEN & HIGH HALDEN

New for 2010

# UPGRADE

for Adult Christians

## UPGRADE For Adult Christians - what is it all about?

**Adult Christians** rely so much on what they learnt as children. Hopefully most have some grounding in the 'traditional' stories - Adam and Eve, Noah and the Ark, Joseph, the escape from Egypt, the Promised Land, David and Goliath, the Christmas stories, the Parables, Palm Sunday and the Donkey, Good Friday, Easter, and Pentecost - and so forth.

**Most adults struggle** to connect these stories into a coherent pattern. As a result it is hard to know what or how to believe; and harder still to defend or explain faith to others.

**UPGRADE** is a series of small groups

where any question can be asked, and all can feel free to share their search for better understanding. There will be no expectation of reaching any given standard! The aim is **to grow in understanding and maturity as Christian believers.**

Three groups start in 2010. They will take place in the venues listed overleaf. All are welcome - it will help hosts / leaders if you let them know you intend to come. Please use the phone number or email address to book yourself in now!

**And please - even if you don't take part - pray for those who do!** The church needs mature Christians who know what they believe and why.
